Transnational Meeting, Palermo, Italy

The Advancing Migrant Women third partner meeting took place in Palermo, Italy in February 2019 with great success! Partners met to discuss the findings from the first national pilot training, planned in detail the next steps of the project as well as each partner's responsibilities.

Pilot Training & Career Circles™ sessions

Advancing Migrant Women Training and Circles sessions have been taking place throughout the latter of 2018 and the beginning of 2019. The pilots have continued to be incredibly successful, reaching migrant women in each partner nation. The achievements of the first pilot in Palermo were summed up in detail by Vidjaya Thelen, facilitator in Italy:

"The Advancing Migrant Women training and circles in Palermo have been concluded with success! For 11 weeks, migrant women have met each week and increased their competences in several fields, including self-confidence, self-reflections, motivation, communication, goal-setting and networking skills. It was an inspirational experience in which women have learned with and from each other, leaving them with new motivations to undertake the next steps on the way to employment or entrepreneurship."

Here is just one of the ways that our partner, Inova, have been reaching out to recruit participants for the training!

Pilot 2!

Following on from the successes of the first round of pilot studies, partners will begin to undertake the second round of piloting between April and July.
